

Bundle the latest innovation in wireless 5G routers with America's 5G network leader.

T-Mobile is the largest, fastest and now according to umlaut, most reliable 5G network.

- Our Extended Range 5G goes beyond cities and extends to rural areas covering 300 million Americans, 1.6M square miles. That's a coverage area nearly 4x the 5G coverage of Verizon and nearly 2x the 5G coverage of AT&T.
- Our Ultra Capacity 5G covers over 150M Americans with even faster 5G in more places than anyone else.

And now, for a limited time, get 100GB data for \$50 on a LTE or 5G wireless router.

With AutoPay. Plus taxes and fees. During congestion, customers on this plan may notice speeds lower than other customers and further reduction if using >100GB/mo., due to data prioritization. 100GB high-speed data and then max 2G speeds for remainder of cycle.

An offer this good won't last forever. Offer expires 12/31/2021

MAX Adapter 5G

\$649 MSRP
