

# This is a remarkable new 57' yacht good enough to be called Performance.

Enjoy the luxury of a 57 foot yacht combined with the capability of a sports fisherman. The DeFever designed high tech white hull gingerly scoots through the sea propelled by a powerplant that's eager to please. On board, in the main salon, you'll find plenty of space for elegant entertaining. Queen sized master, midship and forward staterooms, all with private heads and showers, are designed to pamper you in luxurious comfort.

Why settle for the ordinary, when you can command the best. Other Performance Offshore Cruisers of DeFever design are available in 46', 47' and 53' models.
